Suffield High School
1060 Sheldon Street
Volume 73

At Suffield High we may not all come from the same town, but within these walls we are a community. Your school has people of all kinds that come through these doors everyday - from innovators to athletes, leaders to artists. Your Yearbook is a collection of these students, we are Suffield High School. Looking back, these will be the years you remember of your town, your school in this publication...Your Yearbook.

Your Town

Suffield

Suffield may be a quiet farm town to outsiders, but for us who live here, it's home. We grab coffee at Dunkin' Donuts before school, and admit it, sometimes after school, too. We get stuck behind tractors on the way home from school, skate in the skatepark next to town hall and run to Subway when there's no time to make dinner. It's where we're from and it's who we are.

Maryssa Morgan, Megan Theodore, Hannah Brown, Rachel Mockalis, Summer Gilberto, Michalea Reilly & Carina Minnocci on the bus to an AG event!

Vo-Ag

Most of us at Suffield High know of Vo-Ag as "the smelly hallway" but don't think much of it. Many students from surrounding towns apply to get into this program offered by SHS. There are tons of different departments you can choose from in the Agriculture program, such as mechanics and plants. These students may not be from Suffield, but that makes our school even more interesting.

Hartford

Waking up early and long bus rides are definitely not the most enjoyable things to do, let alone every day. But for many students attending SHS this is their daily routine. They know that these sacrifices are vital in achieving their goals and take advantage of the opportunities offered here at Suffield High School. This program not only benefits these students, but adds diversity to our school community.

Library

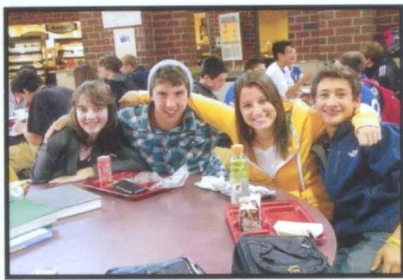

Here at SHS the library is more than just a place to checkout books. We have couches to hang out and read magazines, computers to work on projects or to print out homework you forgot to do the night before, or just relax and do a puzzle with some friends. But don't forget to sign in using the sign-in log software made by SHS senior, Timothy Rollet!

Timothy Rollet signs into the library using the software he created for our school!

Lunch

Whether you buy, bring, skip or snack, lunch is by far everyone's favorite class. No grades, no homework, no stress. Not to mention, you definitely get hungry after all that hard work in academics all day and the 25 minutes of relaxation are always appreciated. Especially when you have to finish that last bit of homework for your next class!

Emily Brooks, Paul Struck, Eliza Doane and Anthony Cordiliko enjoy time with friends to discuss their day and refuel for their last classes of the day!

Passing Time

Natalie Glynn, Nicole Gagnon, Isabella Isotti and Ashley Gleason on their way up the stair on their way to class after lunch!

As students, this is our 5 minutes of freedom to check our phones, go to our lockers, and catch up with friends. The underclassmen yeild to the older students and Mr. Casolari is always in the hall with his meter stick. Once you hear that minute bell, you better run!

Justin Cleaves, James Contacos, Todd Dardanelli, Alex Golon, Natasia Baker, Hannah Lessard, Savana Lamas and Morgan Boutiette stop by the lockers on their way to class!

FFA Seniors

National Blue and Corn Gold All the Way!

FFA's Influence... Many Seniors will agree that being a member of Suffield Regional FFA has changed their lives. Being a part of the Vocational Agriculture program here at SHS has allowed members to reach their full potential, get involved, and most importantly become a family. Many opportunities are offered to members of the FFA. Opportunities include: traveling to Indianapolis, going to the Big E, and participating in numerous competitions. We are fortunate to have such amazing teachers and advisors to help educate the FFA at our high school!

Andre Toussaint

"My experience has been most inspiring and rewarding. I will take everything I have experienced and learned through the years of being in this program and hold onto them forever. I am grateful for everyone who has helped me along the way and I'm glad I stayed in the program."

Ashley Waite

"I'm so glad that I'm in Ag. I've met so many new people and have been inspired to study and take interest in Environmental Science."

Gabrielle Zirolli

"It's cool to learn about something that I am really interested in. I could never have gotten this experience had I gone to my hometown school. I love the family atmosphere of the Ag program."

Casey Ryan... "Ag has influenced every aspect of my life. It truly is my favorite part of High School. Ag has given me confidence, leadership, and helped me learn the value of hard work. It has also given me the best of friends. I don't know what I'm going to do without it next year. I'm going to miss Ag the most from High School."

Emily Svindland... "Ag had to be the best decisions I've made for myself. The teachers just made everything 200% better. I'm going to miss everyone so much when I'm gone."

Allie Jones.. "Ag helped me figure out what I want to do with my career and helped me find more friends with similar interests."

Stuck in the Middle

Sophomores & Juniors

Sophomore year is one filled with changes and more schoolwork. Sophomores are no longer Freshmen, which is exciting, but they're still the underclassmen. Many people tend to forget about this year, but that doesn't mean it cannot be full of laughs and new friends. Sophomores, take advantage of where your lockers are. Upstairs lockers have the prime location for most of your classes. Just always remember to have fun. As long as Sophomores focus during all of their classes and continue being involved in clubs and organizations, then the year will fly by.

The infamous junior year. School involves almost twice the pressure and amount of work as students begin buckling down to build their grades up to college admission quality. Besides harder classes, the huge research paper always gives headaches. But on the bright side, juniors are upperclassmen and there are many new opportunities for clubs and activities such as Thursday Night Volleyball. Juniors may be stuck in the middle now, but before they know it they'll be Seniors and at the top of the school. Until then, good luck!

Katie Moroney and Carly Giordano are enjoying their stress-free sophomore year. Passing time is always a great chance to see friends in the halls.

"My plan for this year is: never give up no matter what the cost is."
-Nick Lebron

"It's nice to be older than freshmen, but it's also nice to have people to look up to."
-Kalina Pullen

Marissa Webb, Kacey Gifford, and Alexa Pallotti pose for a quick picture in the commons during their lunch. It's not uncommon for friends to be different ages during high school.

Juniors

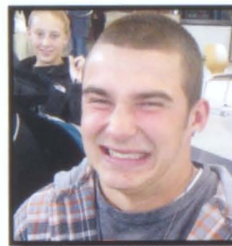

Peter Meehan

"I wish I was a senior so the work would be easier, but I'm glad to finally be an upperclassman."

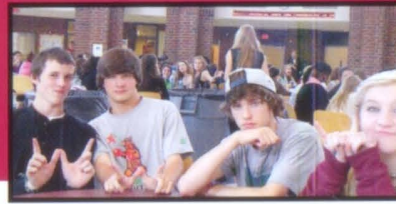

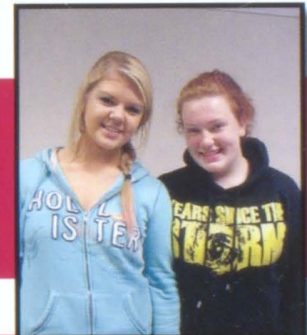

Klaire Bielonko

"I love being a junior but I'm definitely looking forward to senior year and graduation."

Elliot Phelps

"So far junior year is a blast, but I never want to look in the past. Man, I wish it didn't go by so fast."

"Junior year is the hardest year yet, but I know it is preparing me for college. I can't wait to have more time to relax next year."

Iyana Hicks

Lindsay Bissey, Caitlin Linsenbigler, Gabrielle Arruda, Meghan McDonough and Alexa Keney are all juniors at SHS this year and are looking forward to being Seniors!

Your Teacher of the Year

Carl Casinghino

We are proud to have Suffield School District's Teacher of the Year here at Suffield High. Carl Casinghino, or known by many of his students, Monsieur, is known for teaching french and film. Casinghino grew up in Suffield and graduated from SHS in 1984 before studying at Princeton University and New York University as a film and French major. He met his wife while studying abroad in Paris and now has three children, Matteo, Lucie, and Vincent. What most people do not know about Casinghino is that he is not only a teacher: He is an extremely proud father, teacher, and a writer. A few years ago, Mr. Casinghino wrote his very own book describing the art of film. Casinghino takes his knowledge of film and French and brings it into the classroom to educate his students exceeding the regular curriculum. In his AP French classes, he gives the students the opportunity to video chat with a class from France to improve their use of language. Carl Casinghino is admired by the faculty and students here and SHS is proud to have him as our Teacher of the Year for 2011.

Holiday Sale

Students and staff participate in an annual holiday sale. Students make and sell decorations such as: floral bouquets, wreaths, and others.

Ag Expo

Every other year our school holds an Ag Expo where the program opens its doors to show many people what goes on here on a daily basis.

Duck Pond

Constructing a duck pond is tradition at the Big E. Students from all grades get to take part in this activity and always have a blast making it!

Seniors, Vanessa Coates-Cooney, Kayla Donais, Casey Ryan, and Gabrielle Zirolli are posing during FFA.

AG EVENTS

Proud Members of the FFA

A big opportunity that many FFA students look forward to is the Big E trip. It's an event where students get to showcase their talents for a crowd. FFA students from all around the state take place in this event and work at an FFA booth. Here, the students make corsages and boutonnieres for the many visitors who go to the Big E. The students also march in the parade and get to meet many different people. Every year, working at the Big E has been a huge success. It is a great opportunity for the Agriscience program to raise money while giving the students an opportunity to obtain volunteer hours.

Fresh Start

First Year in High School

Starting out as a freshman can be a little scary at first. Going from the Middle School to the High School is a big jump. High school has a lot more freedom, but with that freedom comes a lot more work. Transitioning to this school requires developing skills vital to balancing work and play. High school opens many new opportunities such as joining an athletic team or joining any of the many clubs available here at Suffield High. To be a high schooler means to expand your social circles to include leadership and success. One of the biggest challenges for most incoming freshmen is the stereotypical work load associated with high school. But everyone is capable of making the adjustment if they simply put forth the effort.

The freshmen this year may be a little small but they are a big part of our school here at SHS. Freshmen add to every single sports team and club at the school. They bring fresh ideas and a willingness to make their mark. Suffield High School encourages its students to put themselves out in the community, whether it be socially or for community service. For many, freshman year is a time of opened doors. Hopefully every freshman uses what they learn this year and takes it into the future. Knowledge is power.

Alex Champagne

"My freshman year is great so far. I can't wait for next year!"

Volleyball Marathon 2011

One of the biggest events at SHS is the annual volleyball marathon. The National Honor Society organizes the entire event as their big project. It is a favorite of many students because of the great socialization opportunities and the night just full of fun. The students make co-ed teams and stay over night at the school to play volleyball. The Commons is split into different sections for each team to rest between games. The games come to a close in the early morning and then everyone goes home to sleep.

Winning Team

The 2011 Volleyball Marathon are Princess Peach's Posse. They demolished every single team they whether it be against freshmen or seniors. This team was a combination of a variety of ages who were recruited and rounded up together. The Posse was led by team captain Ally Pasquariello. The other team members included: Steven Roncaioli, Dylan Taravella, Stephen Silva, Jake Picard, Shane Keney, Elliot Phelps, Reilly Williams, Jillian Consolini, Alexa Keney, and Brianna Bishop.

A CHRISTMAS CAROL

THE 2011
DECEMBER
SHOW

This year's fall play embodied the Christmas spirit of the season. Dicken's "A Christmas Carol" was a perfect show for this cast. The drama club took this serious classic and gave it more light-hearted twists and interpretations randomly through out it all to retain the audience's undivided attention. Watching these actors as they enjoyed themselves up on stage made the experience of watching even more memorable. The cast definitely gave it their all.

FALL DRAMA

Taking on such a big name as Dickens is a daunting task for any actors or actresses, but our cast and crew embodied the production and turned it into something truly great. It was amazing to see the chemistry on stage that was build up during rehearsals and in school. The cast took the audience on a journey back to when "A Christmas Carol" was common in every childhood. This production successfully brought Christmas spirit to Suffield.

THE CHRISTMAS CAROL CAST

From top to bottom: Paul Struck as Fezziwig, Joshua Karam as Fred, Daniela Kelliher as the Topper, Emily Brooks as the Ghost of Christmas Past, and Dean Ravenola as Young Scrooge.

A large amount of the cast for "A Christmas Carol" is gathered for a quick picture backstage in the dressing room. This is where everyone dressed up in the type of clothing Charles Dickens would have worn back in his day and age. This room also works as the makeup room since looking good and done up on stage takes a lot more powders and paints than normal. The cast grew very close by showtime and had a blast creating this production.

The seniors are posing together for their last fall drama.

Timothy Vindigni looks over with the somber attitude of his character.

Kevin Kulas glares just like Jacob Marley would to Scrooge.

Michaela Tracey looks around the dressing room while recalling her lines.

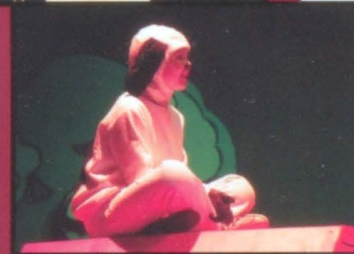

YOU'RE A GOOD MAN CHARLIE BROWN

SPRING MUSICAL

For this year's spring musical, the director chose an old classic. Everybody knows Charlie Brown, but as people grow up they see less and less of this family favorite. Suffield High School's production of "You're A Good Man Charlie Brown" was a whimsical compilation of various Charlie Brown comic strips. The diverse scenes gave the musical a great division of the story line which made it enjoyable to watch for all ages.

All drama club members put on very lively and enthusiastic performances for the show. The combination of witty comedy, bubbly acting, and effective directing made this musical into a great success. Drama club worked hard nearly every day in preparation for this show. The cast and crew were composed of a variety of students of all different grades. The effort this group put into their show was evident in the amount of laughs in the audience. Great show!

THE CHARLIE BROWN CAST

Here a large group of the Charlie Brown cast is posing excitedly for a quick picture right before one of their shows. Over the course of auditions, rehearsals, and the actual shows, the cast became quite close and addressed themselves as a family. Their friendships off-stage carried onto the stage which was evident in their excellent chemistry and clear enjoyment of performing.

Prom '11

Prom 2011 was a night to remember. This year it was held at Chez Josef and started off with a social hour with free refreshments. Everyone was so excited to see their friends all dressed up in gowns and tuxedos. Time flew by with camera flashes and lively conversations. Every single option for dinner was equally delicious as the next. Once the plates were cleared, pictures started up again as dates posed and larger groups of friends lined up together. Soon the dance floor filled up as the guys took off their jackets and girls kicked off their heels. Everybody danced the night away with their classmates, and were so relieved to be free of school with the thought of their upcoming summer. As the night came to a close, everyone picked up their favors and began making their way out. Seniors left knowing that their Senior Prom would be unforgettable, and Juniors realized how excited they were for next year.

Many students at SHS participate in a variety of sports. The school offers sports anywhere from Field Hockey to Football or Swimming to Soccer. Sports help keep the students keep busy after school and get them moving instead of sitting around. Suffield has a strong sports program that competes against many surrounding towns. With all the competition, Suffield still manages to bring in the wins and victories every year.

SHOOT & score

Congratulations to the 2011 Class M Champions for Boys Varsity soccer! The Varsity Boys soccer team had an amazing season. The Boys only lost one game their whole season to Granby who they came back to beat in the finals. This team not only brought home a championship, but also an NCCC Champion title in an extremely competitive conference. They trained hard, they fought hard and, and they won. The eleven seniors on this year's team decided in 8th grade that they would win a 2011 Championship together. Clearly this team followed through on their pact. Congrats boys, you deserved it after all your hard work!

The JV and Freshman Boys teams had a lot of talent. It looks like there will be many up-and-coming players for varsity in the next few years. Because of the sheer number of underclassmen trying out, the coaches decided to split JV and add a Freshman team. Many players would move around between the two to make sure both teams were strong. Hopefully these boys will continue improving their skills and one day make their own marks for another Varsity Championship!

VARSITY & JV BOYS SOCCER

SHOOT & score

Following up last year's championship season was a daunting challenge for this year's Varsity team. These girls played every minute of every game with heart and spent the season continuously building the team bond. Overcoming challenges with teamwork and passion became a common theme for the season. After losing seven seniors the year before, Coach Sullivan needed to shift around the entire line-up and continued switching positions throughout the season to find the perfect fit. Despite four losses, the team ended feeling like champions and still hold their heads high with pride for what they accomplished. Hopefully next year's team is ready to continue their journey to the championship.

The Junior Varsity team had a great year as well. They continued to develop all of their skills playing for Coach Drago. Each player put in all their effort not only to improve, but also to have fun while playing. It's important to never lose sight of the bigger picture which is to enjoy the game and winning is just an added bonus. Good luck next year!

VARSITY & JV GIRLS SOCCER

■ **LINE IT UP:** This year's team only has four seniors: Gabija Pileika, Brianna Bishop, Peri Stevens, and Paxton McNierney. This is a very small number compared to the seven the team lost from the year before. Despite the numbers, these four players set the example for the younger players in an effort to keep alive the spirit of the game while enjoying their last season with Suffield Girl's Varsity Soccer.

■ **VOLLEYING IT:** Midfielder Katie McDonough, 9, carefully brings the ball under control in the center of the field. Having possession throughout the middle of the field tends to be the key to a successful game.

Hut, Hut, Hike!

The Football Team worked very hard all season. They tried their absolute best at every game, and clinched quite a few awesome wins! HIT & Run

The girl's Varsity Field Hockey had a great season. They were excited coming into the year and practiced hard every single day. The girls won some important games throughout the season among some upsets. But no matter how the games went they kept on pushing through. The seniors were sad to end their last season but left the Underclassmen with a good impression. Junior Varsity is excited for next year and to move on to the next level, they also had a good season and can not wait for next year. These girls left everything on the field whether it be a game or just another practice. This effort put forth was always obvious because of their season record.

Pass & Shoot

As always, the boy's Basketball teams played every single game with heart. The boys worked hard at every practice so that when it came down to game time, they were ready. Boy's Varsity were coached by Coach Gatto and Coach Barile and the team was led by their three seniors, Eddie Danek, Steven Roncaioli, and Dylan "Crafty" Taravella. Both Varsity and Junior Varsity had extremely successful seasons. They played with passion and hope to continue their success next year. Besides a Varsity and Junior Varsity team, this year welcomes the influx of freshman athletes with Suffield's own Freshman Boy's Basketball team. The huge number of players looks promising for the basketball program here when looking towards the future. The seniors are proud of their teammates and hope that their legacies will be carried on by the juniors and underclassmen coming up the ranks in the coming years. Great work boys! Good luck next season. You all have made Suffield High School quite proud with your athleticism and sportsmanship.

Pass & Shoot

The girls Varsity and Junior Varsity teams did very well this year. The girls fought all season against their big rivalries including Windsor Locks. The Varsity team was held together by their seniors, Rachael Tedone, Sheila Drakeley, Ashley Gleason, and Brianna Bishop. Bishop was their only captain, but was a very strong leader and influential role model. Next year, the underclassmen will have to step up and fill in the spots of these seniors. The Junior Varsity team is made up of a mixture of Juniors and Underclassmen. They fought extremely hard this year as well. Both of the girl's teams are already looking forward to next year's season for their chance again at victory. Until then they'll appreciate not having to do so many sprints and suicides on a daily basis. Great work girls and good luck next year!

READY & go

As with any year, it's hard to determine the potential of a team at the beginning of a season. Track is a sport dependent on individual dedication which creates success for the entire team. If people give it their all every single day of the week, then it will be evident in the scores. This team did dedicate their time and energy to constantly striving to improve and achieve.

Along with welcoming new teammates, this year's team was been joined by two new coaches: Coach Hunter and Coach Sanger. This year, the team captains were seniors Daniel Moroney, Dalton Shank, Eliza Doane, and Dalton Peck. Under their guidance, every athlete saw themselves improve over the course of the successful season. If the pattern continues, next year's seniors will be sure to bring more success to that team as well. This year's NCCC conference champions are Suffield girls! They won by 30 points. The boys came in a valiant second.

Suffield High School's Boy's Ice Hockey Team is a combination of students from Suffield High, Granby Memorial High, and Windsor Locks High. Players from these three towns compete together at their home rink in Enfield since Suffield doesn't have one of its own. These boys work extremely hard every single day at practice so that they can excel in the sport and be ready when it comes to game time. These players work with heart each time they lace up and step onto the ice. They hope to keep up the great momentum of this season for next year. Although many seniors will be lost, the underclassmen are looking hungry for their chance in the spotlight. Good work this season boys and good luck next year!

Position & Cool-down

The Suffield High School Wrestling Team had a great season this year. Every single competitor gave it their all and really tried their hardest to improve on their skills. These students had some tough competition, but Suffield came out victorious in quite a few of their numerous matches. Wrestling requires a lot of work which required the athletes out on the mats or pumping iron in the workout room to prepare themselves for a match. This year's team was led by seven seniors who will be greatly missed next year. They were great role models for the upperclassmen who have now been inspired to build up in muscle and skill for the next season. Good work wrestling and good luck to the underclassmen for next year!

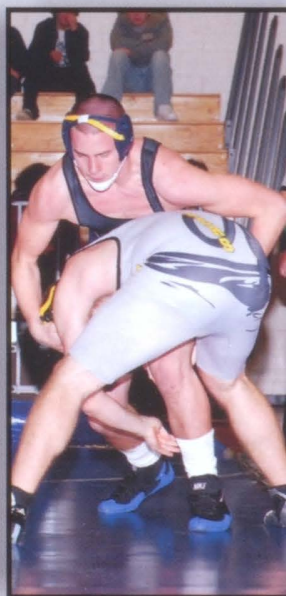

WRESTLING & BOY'S SWIMMING

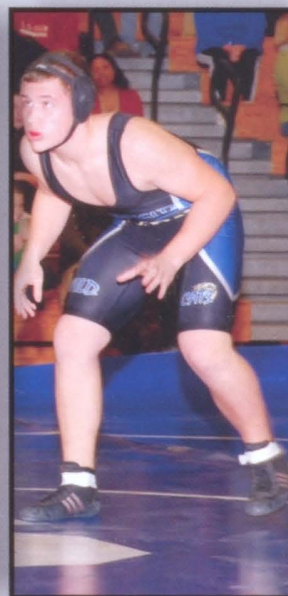

■ **VICTORY:** Kevin Bentz, just defeated his opponent in a very tough match. Kevin is returning as a captain.

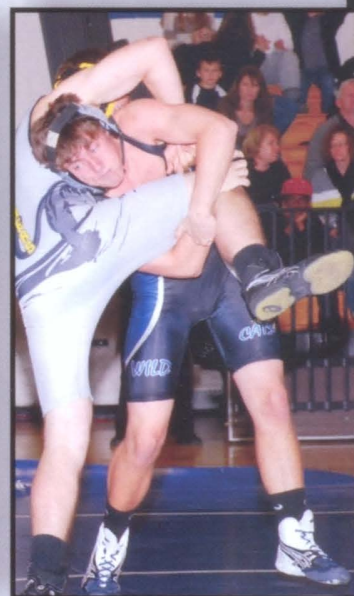

■ **STRENGTH:** Armando Ortiz, a new member of the team this year did a great job.

■ **TAKEDOWN:** Matthew Nardi, bringing down his man in a tough struggle.

■ **MIND GAMES:** Paul Grimard, 10, sizes up his opponent before deciding on his next move. Wrestling is a physical sport, but being able to read your opponent's next move is a very effective strategy to master.

Swim & Dive

The Boy's Swim and Dive Team never is a very large team, but the relatively small number helps build the camaraderie and trust between the athletes who are on the team. They practiced as a team, and improved as a team. All in all, it was a good season. Many boys swam NCCC qualifying times and some even qualified for the state meet. The seven seniors on the team were happy with the year's performance, but will definitely miss the four great years they swam here at Suffield High. The underclassmen are eager to continue learning and improving until they, themselves, will leave as well. Great season boys!

Lacrosse

After losing a lot of key strong players from the year before, Suffield Lacrosse didn't start the season with high hopes. But after a great trip up the Seneca Nation the team really started to click. They fought hard winning and losing and never gave up. They beat rivals, they lost to rivals. This year the team made it far in the NCCCs but couldn't get the win. Even with the loss the team held their heads high and agreed it was a great season. The Lacrosse team is looking forward to next season, hoping to clutch the title of NCCC Champs.

The JV team had a fun season, Coach C. focused all about the fundamentals. They worked hard this year and had a great season, losing some and winning some. In the end they all saw improvement in their skills and are looking forward to next year.

HIT & DRIVE

The Boys Golf team finished off the Spring season with an 12-2 overall record and another visit to the state tournament. Among other admirable qualities, the team prided itself on its uncanny fashion sense and impeccable golf etiquette. There were many highlights of the season including, 2nd place in NCCC Conference, a tie for 3rd in the Chappa Tournament, and 3rd seed in the State Tournament. In many ways, this season was the end of an era as the team graduated both Andy Mai and Dan Banks. Andy and Dan were the key reason the boy's golf team had so much success in the last few years. Both of these fine gentlemen are going on to play golf at college. The team wishes Andy (Boston College) and Dan (University of Tampa) the best of luck in the next step of their golf careers. The Spring of 2012 will see emergence of the next generation of golfers including Connor Beaulieu, Parker Lattanzio, and Will Morris. -Coach M

The Girls Golf team had a good year with the few players they had. Their two coaches, Cunningham and Kilby, helped the girls improve their game and do the best they could. Kim Mai was the leader of the team this year. She held the most wins and made it to the State Championships. With the loss of a player, the girls seek for more members for great seasons in the future.

READY, SET & go

This year was a great season for Boy's Outdoor Track. The team had a lot of strength in almost all events, and many new stars greatly helped overall. The season, however, was full of obstacles, but these guys made the best of every situation. Despite losing many seniors last year, this year's team had many captains that really stepped up to lead the team, and set phenomenal examples for the underclassmen.

As for the girl's team, there also weren't too many former athletes, but what they lacked in numbers was made up in leadership and passion. The season was filled with multiple new school records, and many girls taking the initiative to improve. Overall, the team won many meets and ended the season with an impressive NCCC victory.

Great work track and good luck next year!

Where are you going, my little one, little one?

Where are you going, my baby, my own?

Turn around and you're two. Turn around and you are four.

Turn around and you're a young man going out the door.

Congratulations McKenna

We are so proud of the amazing young woman that you are.

Attending John Hopkins is the first step in realizing your dreams. Enjoy every moment, seize every opportunity, make new friends but keep the old). Stay true to yourself in every choice you make. Study hard, but socialize harder. Life is about so much more than what you learn in books.

Life is about all the lessons you learn from the people around you.

Our wish for you is that you find happiness in every moment of life.
Our wish for you is that you continue to dream big and reach for the stars.

But more than anything, more than anything,
Our wish, for you, is that this life becomes all that you want it to,
Your dreams stay big, and your worries stay small,
You never need to carry more than you can hold,
And while you're out there getting to where you're getting to,
We hope you know somebody loves you, and wants the same things too,
Yeah, this, is our wish.

We love you!
Mom, Dad,
Brennan, Delaney and Keaton
